## WEISS & SENG TAKE NLRA WINS BUT RYAN SATTER'S FIRST CAREER WIN STEALS THE SHOW

Scott Searcy / Cricket Prints

**Ryan Satter celebrates in Victory Lane after holding off Adam Burrows & Justin Vogel for his first career feature win**

ALEXANDRIA, MN (May 25th, 2014) - by Becky Schmitz

Every flag flew at the NLRA Memorial Day Doubleheader including the green, yellow, white, even the red, and of course the checkered. But none flew as high or as proud as the Stars & Stripes as race fans gave their respect to our fallen heroes and enjoyed an awesome weekend of racing at the High Flyin' Half Mile. The evenings sponsors included; Apol's Harley-Davidson and Cash Wise Liquor.

The Streets stocks lined up for twelve laps of racing and Scott Huston took an early lead from his pole starting position. Ryan Satter quickly moved past Jake Huston and Cody Wall to battle S.Huston for the lead. Justin Vogel bolted from sixth to third as Satter took over the lead from S.Huston. Satter would lead the next few laps as Adam Burrows made his way into the top three. A red flag was thrown as the track staff and medical team checked out S.Huston when his car blew a tire which caused him to hit the wall hard on the front chute. After confirming he was ok and moving his damaged car to the pits, the field of cars lined up for a three lap shootout as Ryan Satter held his lead over Vogel who dove down low into turn one but Satter held the momentum and kept his spot coming out of turn two. Adam Burrows then slipped past Vogel as the white flag was thrown. Burrows then took his shots at the Sophomore driver from Dent, MN. Satter was able to fight off the two drivers, who hold seven track championships between them, capturing his first ever career feature win. Burrows was second, Vogel third, Kyle Dykhoff fourth and Brett Miller rounded out the top five. The Heat race winners earlier in the evening were Vogel and Satter.

## WEISS & SENG TAKE NLRA WINS BUT RYAN SATTER'S FIRST CAREER WIN STEALS THE SHOW

Fifteen laps were put on the board, and twenty cars waited in the staging area, as the Sower Power sponsored WISSOTA Midwest Modifieds were up to battle. Tyler Vanderby sat on the pole as the green dropped. Sophomore driver Justin Froemming quickly moved into the lead as Shawn Olson followed to take the second spot. Hayden Hanson battled Olson trying to move into the second position. Andrew Bangsund and Ron Saurer charged forward with Jamie Thorstad moving past Vanderby into the lead pack. Saurer took the bottom of the speedway and moved into third while Thorstad took the high-side of the 3-groove track and made his way passed Saurer and Olson into second behind Froemming. William Lund wanted in on the fun and raced his way into the fourth position with Josh Muzik right behind him. Lap nine saw Thorstad take the lead from Froemming coming out of turn two. Froemming and Thorstad would make contact on the back chute, causing Thorstad to spin in front of the field. Track officials determined that Froemming was at fault for the yellow and he was sent to the tail of the field. Hayden took the lead after the restart but Thorstad completed a pass on Hayden coming out of turn two. Hayden would then make contact with the rear bumper of Thorstad sending Hayden off the track and causing another caution. Hayden was sent to the rear of the field and an over-heating Cody Lee pulled his car pit-side. As head-flagman Mike Blom raised the checkered flag Jamie Thorstad claimed the feature win with Olson, Bangsund, Lund and Muzik right behind. Heat winners were: Andrew Bangsund, Cody Lee and Josh Muzik.

The Alex Refrigeration WISSOTA Super Stocks put on another heart-pumping race for the fans in attendance. Rocky Yeats and Jon Stepan lead the field into turn one with an early caution flying over the speedway for a David Galbraith spin. Trevor Saurer worked his way to the front of the field from his fourth starting position, with Crouse making his way from seventh. Jeff Kluber brought the 19K into the mix, battling Matt Miller and Stepan while Saurer continued to lead. Racing action was stopped when Ben Johnson rolled coming out of turn one after cutting a tire. Johnson was not injured and the car not severely damaged. Crouse took the second spot away from Kluber after the restart and began the chase for first. The crowd was on their feet. Donna Schmidt moved her way into the fifth spot looking to pass Miller. The white flag was thrown with Saurer still in the lead over Crouse. As the two made their way towards the checkered flag, Crouse drove to the bottom of the speedway, passing Saurer, as the cars exited turn four to claim the feature win. Heat race winners were, Jeff Crouse and Trevor Saurer.

The Napa of Glenwood NLRA Late Models lined up with twenty five laps on the board and twenty three cars ready to race. The early lead went to Dustin Strand with Dave Smith, Donny Schatz and Brad Seng charging behind. After a caution on lap one, Smith and

Scott Searcy / Cricket Prints

Strand lead the field to another green flag. The racing action was tight for the lead with Eric Breeschoten and Ricky Weiss pushing their way toward the front, Weiss moved into the fifth position, and Jeremy Keller also started making his way into the action. By lap five, Seng positioned himself to take the lead while Strand took the bottom and Breeschoten outside battling for second. Weiss continued to move through the pack, passing Schatz and Strand. Seng maintained his lead while the racing heated up between Strand and Schatz. Another caution positioned the field with Seng, Weiss and Breeschoten shooting for the feature win. Schatz charged to the bottom passing Breeschoten as Shane Edginton worked to pass Strand. On lap thirteen, Pat Doar moved in to pass Edginton and at lap fifteen Strand went to high causing him to go off the track. Doar continued to work his way through the field while Weiss and Schatz battled near the front. As the laps ticked town, Seng cruised to the NLRA Late Model win followed by Weiss, Schatz, Breeschoten and Doar. The Napa Late Model Heat race winners were Strand, Seng and Smith.

**WISSOTA Modified Feature Winner Jeff Wildung in the Alexandria Motors Victory Lane with Jacey Crouse and Rylen Schmitz**

Scott Searcy / Cricket Prints

The T&S Electric and Diamond Buick GMC WISSOTA Modifieds roared on to the track, Jeff Wildung taking an early lead followed by Dave Schroeder. Cody Skytland and Josh Thoennes raced hard for the third position. After a caution on lap one Wildung, Skytland and Schroeder lead the pack to another drop of the green flag, with Wildung once again pulling to the head of the pack. Second and Third spot were up for grabs between Skytland and Schroeder. Skytland earned the spot as Shaun Peterson pushed his way into the top five. Peterson continued to work his way through the pack reeling in Josh Thoennes but was unable to complete the pass. Lap after lap, the racing action kept the crowd on their toes and when the checkered flag flew, Jeff Wildung clinched the win followed by Skytland, Schroeder, Thoennes and Peterson. Heat race winners on the evening were Brandon Aggen, Strand and Wildung.

The speedway would like to thank all drivers, crew, and fans who joined us for the Memorial Day Doubleheader. The track will be back in action with all five WISSOTA classes, along with Viking Pure Stocks, next Saturday night at 6:45. For more information on the speedway, please visit us online at [vikingspeedway.net](http://vikingspeedway.net) and also "like" the track on Facebook and follow us on Twitter.

Happy Birthday to my Dad "JIMMY SAY NIELAND"

Walt Johnson The other day Jim and brother Bob were talking about when they were back in school taking math class. The teacher asks, if there were 10 sheep in the pen and one got out, how many sheep would be left in the pen? Jim raised his hand and the teacher called on him for the answer. Jim said none! The teacher said no, no Jim, if there were 10 sheep in the pen and one got out there would be 9 sheep left. Jim said, I'll tell you what say, you may know something about math but you don't know nothing about sheep!!

## WEISS & SENG TAKE NLRA WINS BUT RYAN SATTER'S FIRST CAREER WIN STEALS THE SHOW

ALEXANDRIA, MN (May 24th, 2014) - Becky Schmitz

With the sun shining, the stands full and a field of 98 cars ready to race, the first night of the NLRA Memorial Day special sponsored by Apol's Harley Davidson, went down packed full of action and excitement. Former WIS-SOTA Late Model champion Ricky Weiss held off Brad Seng and Jeff Wildung to claim the NLRA feature win.

With twelve laps lit up on the board Street Stocks took to the track. As the green flag dropped Adam Burrows bolted to the front of the pack with Brett Miller working to hold his position. As a caution was thrown and the restart about to go under way Jake Huston, Justin Vogel, Adam Burrows and Durand Peterson all looked to the first place prize. Vogel charged after Burrows and by Lap seven Vogel took the lead. Vogel continued to pull ahead of the field but with 5 to go, his car slid up the track as he pushed it a little to hard. Vogel lost some ground but was able to keep the Brooten Auto machine on the track and in the lead. Burrows and Huston continued to battle it out for second. As the checkered came out, Vogel came across the finish line claiming the victory followed by Burrows and Peterson. Heat winners were Burrows and Ryan Satter.

The Sower Power sponsored WISSOTA Midwest Modifieds were next to the track with fifteen laps on the board and twenty two cars ready for action Jamie Thorstad took the early lead and held off the pack through all fifteen laps. Cody lee and Andrew Bangsund worked their way back and forth throughout the race while Hayden Hanson continued to be hot on the trail towards the lead. A caution on lap twelve set the field for a stand off between Lee, Bangsund and Saurer all looking ahead to that lead position. By lap eleven Bangsund and Hanson were back and forth for that third position and Saurer fell back to fifth. With the final laps approaching Saurer was hot on the heels of Bangsund while Thorstad and Lee pulled away. As the checkered fell Thorstad captured the win with Lee in second and Bangsund in third. Heat winners were William Lund, Andrew Bangsund and Brock Gronwold.

Sixteen Alex Refrigeration WISSOTA Super Stocks lined up for a twenty lap action packed feature ending with a feature win for Jeff Crouse. An early lead went to Mike Peterson who took the lead and after two laps a caution stopped the field and into the pits came Jon Stepan with a flat tire, which soon ended his evening as he headed to his trailer. Once again the race was on and Jeff Crouse jumped to second with Trevor Saurer and Dave Mass battling for fourth. Caution on Lap sixteen made the cars line back up and so started the intense battle for first with Peterson and Mass, lap after the lap the two went back and forth with Mass going high and Peterson going low, then Mass going low and Peterson going high. Crouse and Saurer worked their way towards the action. The action all came to end on lap four when Peterson's car appeared to break and Mass blew the engine. Crouse then pulled into the lead and with the race winding down he claimed the victory with Miller, Saurer in second and third. Heat winners were Matt Miller and Dave Mass.

The NAPA of Glenwood NLRA Late Models took the stage and the Viking Speedway welcomed Sprint Car legend Donny Schatz to the pack of twenty five cars waiting in the wings. As the green flag dropped Pat Doar was quick to jump into the lead but a caution half way into the first lap sent him into the pits with a flat tire. Doar's crew quickly put on some new rubber and he rejoined the tail-end of the field. The cars lined back up and Ricky Weiss bolted to the lead with Bill Mooney and Mike Balcaen not far behind. Jeff Wildung and Brad Seng battled it out as Eric Breeschoten wanted in on the action as well battling for second and third. Lap after lap Wildung, Seng, Breeschoten and Balcaen went toe to toe in an attempt to track down Weiss who was stretching out his lead. Schatz was also making his way through the pack until a caution on lap ten shook up the action and the cars lined back up to keep the battle going. Again Weiss lead the pack with Seng and Wildung right behind. Another caution on Lap 8 took Rick Nelson into the pits on three wheels. Dustin Strand who started fourteenth pushed his way through the cars and was now sitting in fourth place. Once again the green flag was out and Weiss continued to lead. As the laps winded down and the checkered flag flew Weiss clinched the win and Wildung claimed the runner up position followed by Seng, Strand and Balcaen. Donny Schatz finished seventh. Heat winners were Doar, Weiss and Bill Mooney.

Next up were the T&S Electric, Diamond Buick GMC WIS-SOTA Modifieds. With twenty laps on the board and twenty two cars ready for action an early lead went to Josh Thoennes. A half a lap later a spin out by Dave Schroeder followed by several other cars caused a caution. The Modifieds lined back up and charging to the lead came Cody Skytland followed by Jason Thoennes and Shaun Peterson. The action began and by lap seventeen Thoennes darted to the bottom passing Skytland while Peterson and Gerdes went head to head for the third place spot. Making his way through the pack was Dustin Strand and Schroeder also barreling through the pack after a disappointing start. Josh Thoennes continue to work his way towards the front battling Skytland for fifth. Jason Thoennes continue to pull away from the field while; Peterson, Gerdes, Strand, Skytland and Josh Thoennes battled turn after turn back and forth. With four laps to go, Jason Thoennes was working his way through lap traffic to hold his lead and Gerdes was giving Peterson a run for his money for the second position. As flag man Mike Blom raised the checkered flag Jason Thoennes clinched the victory followed by Peterson, Gerdes and Strand. Heat winners were Strand, Jason Thoennes and Gerdes.

With night one of the double header complete the track looked great and the racing action was one to remember. A big thank you goes out to the the Kids Club sponsors this year; Pete's County Market, the Jr. Pit Crew sponsor, and Centrasota Electric, along with Jake's Bikes have given kids the opportunity to win a bike of their choice this year. For more racing information and photos continue to follow the track at vikingspeedway.net and on Twitter and "like" them on Facebook.

## SCHROEDER CONSTRUCTION FAN OF THE WEEK

**Do you know an amazing Viking Speedway fan?** If you know someone who deserves to be recognized for their love and dedication to stockcar racing at the High Flyin' Half Mile, nominate them for the Schroeder Construction Fan of the Week. Write a paragraph explaining why they are worthy, including how long they have been going and the drivers they cheer for. Please include a photo of your nomination. Check the Viking Speedway News each week to see if they made it. Yes, you may nominate a fan that has passed away, just let us know that in the paragraph. If the fan is a minor, please make sure you have parents permission. Please email nominations or questions to: **cricketprints@gmail.com**. **We would like to thank Schroeder Construction for making the Fan of the Week part of the 2014 racing season!**

## HERBERG HARVESTING KIDS CORNER

Autograph Challenge: Get all three autographs below and send a picture of you holding this page open to cricketprints@gmail.com to be entered in a drawing to win a \$50 gift certificate to Casey's Amusement Park. Photos this page by Scott Searcy @ Cricket Prints // Rick Rae @ www.rickrae.com

Andrew Bangsund #70

Brett Miller #3

Adam Burrows #18B

Hey kids! Collect all six of the above drivers autographs, then take a close-up photo of yourself holding your program, open to this page, upload the photo to the Cricket Prints Facebook page or email it to cricketprints@gmail.com and we will upload it. At the end of the year, we will draw a name and the winner will get a \$50 gift certificate to Casey's Amusement Park. The more weeks you get all 6, the more chances you have to win! If you miss a driver one week, try catch them the next week, you can enter any issue any week. Email us if you have any questions. **Thanks to Herberg Harvesting for making this friendly competition possible!**

## Crew Chief of the Year Point Standings

Place -- Name -- Driver -- Points

**2013 Viking Speedway Crew Chief of the Year Award:**  
- overall winner -

**Bob Burrows - Street Stock Division**

### Division Winners:

Midwest Modified Division - Randy Klein # 21x  
Super Stock Division - Shane Rosch # 29\*  
Modified Division - Jay McDonald # 75jr  
Late Model Division - Mike Wold # 50

Thanks to Extreme Auto & Gas of Glenwood, Cricket Prints is bringing back the Crew Chief of the Year Award. Points will be given only to the top four cars in each feature, 5 for a win and 3-2-1 for second through fourth. It's always a goal to get into the tech shed so no points are awarded if you don't make it. We also will deduct 10 points for any disqualification. All five divisions will compete against each other (no Pure Stocks). First tie breaker is most feature wins, then average finish % (per # of cars). Next time you need gas or auto repair in Glenwood, Stop by Extreme Auto & Gas and thank Mark for helping to bring back the Crew Chief of the Year and for all he does to support the Viking Speedway.

### 2014 Viking Speedway Schedule (Schedule is Tentative and Subject to Change )

## A LOOK AT OUR 10 YEARS OF RACING

From 1966 to 1973 cars were one year newer every year. In 1973 the street stock class originated which allowed drivers to compete with limited experience and at a less expensive rate.

In the 10 years of racing, seven different drivers have won point championships with Jerry Geris the only driver to win successive point titles, winning four straight.

## Brasel battles for win

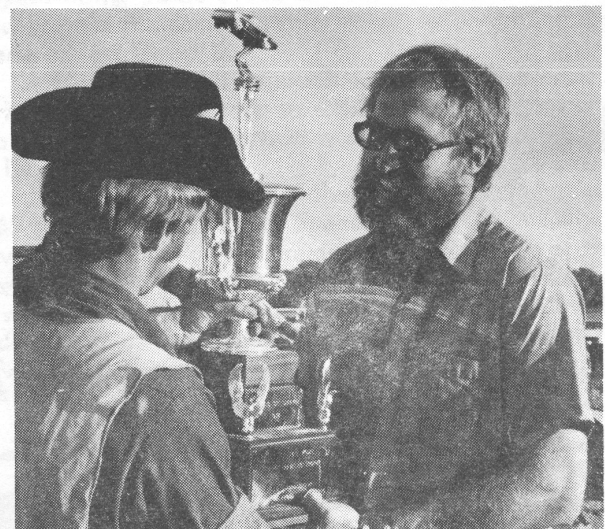

**John Hoffman**

Off to a fast start this season, John Hoffman of Villard has moved into the top five drivers in the point standings in this his third year of racing here at the Viking Speedways.

Hoffman made his first appearance at the local oval during the 1968 racing season, and then following a three year layoff returned to action last season finishing the year with 50 points, even though joining the near 50 drivers last year midway through the campaign.

The 25 year old Hoffman began his racing career behind the wheel of a 1957 Ford before switching to a General Motors product last season. His Chevrolet is powered by a 327 cubic inch mill.

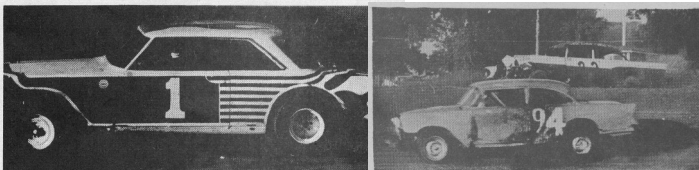

Hoffman is married and is employed by a firm which installs fire alarms. Hoffman states that he races because he "likes the sport."

Racing fans watched such drivers as Jim Johnson, Dick Block, Les Ekdahl, Jerry Geris, Butch Peterson, Julian Barsness, Doug Skoglund, John Lock Jim Loveland, Gordie Rachel, Jim Yager, Dean Peterson, Jim Bruzek, DuWayne Marquette, Jerry Rasmussen, Jim Feeks, Jim Hartman, Floyd Anderson, Jim Waldorf, Bob Week, Henry Chan, Joe Riesselman, Tom Muzik, Dave Nielson, Gerald Gau, Paul Mohawk, Fran Hughes, Larry Olson, Gary Thornborg, Jim Danielson, Gary Doering, Bill Collins, Ron Blehr, Roger Hetland, and Skip Vickerman circle the half-mile oval on Sunday afternoons during the 1965 season.

In 1966 new drivers entered the competition; Bob Baas, Sylvester Schmidt, Dick Lindquist, Don Carlson, Tom Carlson, Gary Fedje, Darrell Nielson, Butch Crosby, Dave Johnson, Mike Johnson, Darwin Nielson, Jerry Wendorf, John Paulson, Arden Pischke, Rob Hanson, Lyle Henry, Eugene Fouss, Ron Anderson, Brad Claggett, Hubert Bacon, and Bob Mathison earned points that season along with the 1965 regulars.

In 1966 the Viking Speedways changed their racing day from Sunday afternoon to Saturday night and advanced the metal and engine specifications to 10 years old. This provided more speed and, as it turned out, improved racing and attracted more and more fans.
